

BEAUTIFUL AND STRONG.

The Greatest American Prima Donna Made Well by Paine's Celery Compound.

There was never a remedy so highly recommended as Paine's Celery Compound. There was never a remedy in such universal demand. For it makes people well! Every one among the thousands who have been delighted by the beautiful songs of Roma, the great prima donna, recognize in her one of the world famous singers.

Born in California, she graduated with honors at Eastern musical colleges, and on her return to the coast became first prima donna at the Tivoli Opera house in San Francisco.

It was while making the tour with the famous Marino Band of Washington last season that the beautiful Roma felt the strain of travel, hurry and work, yet in

the evenings she greeted great audiences with smiles and electrified them with her voice. Could she have done this without her nerves being steeled and her strength built up by Paine's Celery Compound, she says:

"In Paine's Celery Compound I find a very much long-felt want for the worried and exhausted care attendant upon an active professional life. Paine's Celery Compound brings restful strength to body and mind, invigorates the system and prolongs life."

Paine's Celery Compound has made thousands of people well. It has saved thousands of women from nervous prostration. It has made the weak strong. It has cured where everything else failed. Innumerable testimonials as to its wonderful value have been voluntarily sent

to the Wells & Richardson Co., who prepare it in Burlington, Vt.

Paine's Celery Compound is the most remarkable remedy for the blood and nerves known to the 19th century. It is employed by the foremost physicians in curing kidney and liver troubles and the diseases due to nervous disorders, faulty nutrition and impoverished blood, producing results that seem little short of the miraculous.

Paine's Celery Compound builds up the system, purifies the blood, regulates the nerves. The weak and worn-out soon find their frames invigorated, their spirits raised and their strength renewed.

It makes people well. It is as superior to the ordinary nervines, bitters and arsenicals as strength is better than weakness.

Business Change.
J. M. C. Bellenger has purchased a one-half interest in the clothing and men's furnishing goods business of J. Wesley Lee & Co. Hereafter the style of the firm will be Lee & Bellenger. His experience and a thorough knowledge of the business count anything, this firm ought to be a blooming success.

For nearly twenty years Wesley Lee has been selling clothing in Mayville, and was the first man to establish a strictly one-price clothing business in this city, and has saved to the people of Mayville and the surrounding country thousands of dollars in the way of low prices.

And who is it that has not bought his entire life since he was 10 years of age selling clothing for other people, and his representative has always proven true. He has, perhaps, sold more clothing at retail than any one man now living, and is still in the ring, and better prepared than ever to serve the people in the way of good goods and low prices. Miss Ada Mofford has removed from this city to Danville where she will reside in the future.

It's a much easier matter to write for the newspapers than it is to get the papers to publish what may be written, as great many egotists might find were they to take a hand at the business. Some men can't abide temperance talk. Well, if they had the getting of it up perhaps nobody's feelings would be called on to suffer, for there would in all probability be so little plith in what they would say that it would not get farther than the waste basket.

Mr. Patrick Ryan, on the North Fork near Lexington place, sold his crop of tobacco some time since at 12¢ cents all round. We understand that the buyers offered him \$900 to let them off, but he declined.

Uncle Sam has not yet gone out of the land business in Arkansas. He has four land offices in the state and some of them are doing a thriving business. In December the land office at Harrison covered 134 homestead entries, covering 13,739 acres.

The husband of the late Mr. Bettie Marshall Buford was a brother of General John Buford, the distinguished cavalry officer of the Army of the Potomac, who commanded a division in General McClellan's Army. General Buford died during the war, we think.

The farmers of this county will have to try something else than tobacco in the very near future, as the lands here are to be tobacco tried and will not produce a good article any longer. There seems to be no market for the article grown here that will pay to produce it, as so much new territory is being constantly opened up to produce the weed.

The "Eternal City" contains 360 Churches, so we are told in one of Miss Phoebe Paxton's charming letters, written for "The Platte County (Mo.) Argus." She tells of having been in one of the most noted of these where fies and beggars abounded, and says: "If I had danced a hornpipe I don't think I ought to have been Church, as the fies were terribly provocative of dancing. You could escape the beggars to some extent, but you couldn't flee the fies. We wondered if there more than usual roaming proposals, they wasn't due to their living in Rome."

Catching the Eye

fixes the attention. No subject better worth attention than the care of sight. It's astonishing tho' how careless some people are about their eyes. One would think they had a dozen pairs in reserve to take place of those they have in case of need. Some people don't think until it is too late. Is your sight at all affected? I test your eyes and fit the glasses to condition of your eyes and guarantee satisfaction or money refunded.

There came very near being a serious accident to the engine at the Cotton Mills Friday afternoon. The head broke off one of the "follower" bolts, and before it could fall to the bottom of the cylinder was caught between the follower and the cylinder-head and crushed through the follower. The accident, as it is, will stop the mill for a day or two.

ABOUT THAT POEM.

The True Story of General Lytle's Famous Production.

Some time since an article appeared in THE LEDGER relative to the poem written by General W. H. Lytle. The author got his information from what he esteemed an authentic source, but it seems that he was misinformed. The article stated that the famous poem, "Anthony and Cleopatra," was completed the night before the battle of Chickamauga, and that the manuscript was found on Lytle's body the next day.

Some time ago, and since this was written, the writer received a letter from the only surviving member of the Lytle family, Mrs. Dr. Nathaniel Foster of Cincinnati, who kindly gave him a history of the poem, saying it was written by her brother in the summer of 1868 at the old Lytle homestead, Lawrence street, in that city, where this excellent lady still resides, and at which hospitable home she extended the writer a most cordial invitation to visit when he might be in the Queen City.

MARRIED IN CINCINNATI.

Mayville Man and Millersburg Lady Join Hands and Hearts.

Mr. James H. Cummings, a prominent young business man of this city, and Miss Annie G. Miller, the nineteen-year-old daughter of Mr. J. F. Miller of Millersburg, one of the oldest families in that section of the country, were married in the parlors of the Gibson House, Cincinnati, at 130 Wednesday afternoon.

The ceremony was performed by the Rev. J. W. Magruder of Wesley Chapel. The bride was attired in a traveling dress and looked charming.

They left Wednesday night on a wedding tour before returning home.

Among those present were: Mrs. James H. Hall, Mrs. Alex. Calhoun, Mr. and Mrs. Ed. H. Nesbitt and Mr. R. T. Cummings of Mayville; Mr. and Mrs. J. F. Woolloom and Mr. W. F. Miller of Millersburg; Miss Roberts of Cynthiana; Mrs. Johnson of Covington, and Messrs. A. R. Betts and C. A. Gordon of Cincinnati.

Mr. and Mrs. Cummings will upon their return make their home with Mr. and Mrs. Ed. H. Nesbitt of Forest avenue.

The Opera house was well crowded to witness John Griffith's rendition of "Mephisto." This had two results—the patrons were pleased with the entertainment, and their liberal patronage was a great help to the Washington Fire Company. If our citizens will only patronize the house the better class of entertainments will come to Maysville, and the firemen will be able to pay off their debt.

Health and strength carry us through dangers and make us safe in the presence of peril. A perfect strong man with rich, pure blood, has nothing to fear from germs. He may breathe the bacilli of consumption with impunity. If there is a weak spot where the germs may find an entrance to the tissues, then the trouble begins. Disease germs propagate with lightning-like rapidity. Once in the blood, the only way to get rid of them is to kill them. This is what Dr. Pierce's Golden Medical Discovery does. It purifies the blood, and that means that it kills the germs, but that is only part of what it does. It assists digestion by the secretion of digestive juices, so promoting assimilation and nutrition, purifies and enriches the blood and so supplies the tissues with the food they need. It builds up strong, healthy flesh and puts the whole body into a disease-resisting state.

FIREMEN'S MEETING.

The Washington Company Passes a Vote of Thanks.

The regular meeting of the Washington Fire Company was held last night. M. C. Russell, Chairman of the Finance Committee, presented five of the Washington Opera-house bonds, of \$100 each, with coupons attached, as a present from Mr. Lissant Cox.

The bonds and coupons were burned in presence of the company, and the following resolution was adopted by a rising vote:

Resolved, That the grateful thanks of Washington Fire Company are hereby tendered to Mr. Lissant Cox for his generous gift of \$500 in the Company's Bonds together with the interest due thereon.

Resolved, That the officers of this Company certify this resolution to Mr. Cox, with the assurance of our deep obligation to him for his timely aid.

Mr. Russell also presented 32 coupons, amounting to \$66, the gift of Mr. Horatio Flicklin.

These coupons were also destroyed, and a resolution of thanks to Mr. Flicklin was unanimously passed by a rising vote.

A committee was appointed to arrange for proper heating of the house; and Mr. R. H. Newell offered to donate 100 feet of galvanized pipe for that purpose.

The Finance Committee was directed to confer with the bondholders looking to a reduction of the rate of interest to 5 per cent.

FIRE AND FLOOD

Bound Brook, N. J., Experiences a Dreadful Calamity.

Loss Will Amount to Over One Hundred and Fifty Thousand Dollars.

Fire Breaks Out in the Flooded District—People Rescued From the Upper Story—Water of the River Drowned.

SOMERVILLE, N. J., Feb. 8.—Bound Brook Thursday night experienced the most dreadful calamity in its existence. It was swept by both fire and flood. The water from the Harlem river ran through the streets of the village and at 3 o'clock Friday morning the water was nearly ten feet high in the main street of the town. The flood was caused by the heavy rainfall overflowing the Harlem river. The water was nearly ten feet high in the main street of the town. The flood was caused by the heavy rainfall overflowing the Harlem river.

The surrounding country for a quarter of a mile on each side of the heart of the village was flooded. The three main blocks in the village were flooded with water, and while the citizens were trying to rescue men, women and children from houses that were in danger of being swept away by the flood a fire was discovered.

The fire was first seen in the lumber yard of L. L. Cook & Co. An alarm was turned in, but the volunteer firemen of Bound Brook thought more of human life than property and did not go to the fire.

The flood spread through blocks wide, and reached the upper part of the buildings. The Jersey Central railroad and the tracks of the New York and Erie railroad are under water for over one hundred feet.

The damage is fully \$150,000, but only one life—that of Miller—is known to have been lost. Hundreds of fragile structures were torn from their foundations and floated away into the ocean in the swirling current, and great numbers of dead animals went down in the torrents. No trace could be found of Miller after his boat was overturned.

HON. WM. H. ENGLISH,

Capitol, Politician and Literature, Dies After a Bad Week's Illness. INDIANAPOLIS, Ind., Feb. 8.—At 12:21 Friday afternoon Hon. Wm. H. English, capitalist, politician and literature died in his room at English's hotel after an illness of six weeks. He was unconscious for an hour before he died. Around his death bed were his son, Will H. English; his daughter, Mrs. Rosa Walling, of Chicago; Mr. and Mrs. Hall, Miss Hedges, Mr. English's stenographer, and Dr. Franklin W. Hays, who attended him.

Mr. English has been ill for about six weeks. He was at first attacked by a cold, which developed into pneumonia of the air passages and the membranes of the throat. Of this he had most recovered, but two weeks ago he was seized with inflammation of the lungs, which, with organic disease of the heart of several years' standing, completely exhausted him. His condition had been very bad for 24 hours preceding death, and it was said as early as Thursday that his demise was but a very few hours distant. He leaves an estate variously estimated at from \$75,000 to \$80,000.

His funeral will be held at 2 p. m. Sunday. Interment will be in Crown Hill cemetery this city. Wm. Hayden English was a native of Indiana. He was born in 1842.
